Circular

Classes: III-IX & XI

C.No: RHPS/2026-27/ Earth Day

Date: 20/04/2026

EARTH DAY ACTIVITY 🌍

Earth Day 🌍 is celebrated every year to remind people that it is Earth that provides as an ecosystem and atmosphere to live in and it is important that we care for it like it cares for us. Earth day allows us a day each year on 22nd April to reflect and remember the significance of the health of the planet and what we can all do to help ensure that health. The main aim of this day is to raise public awareness about the challenges the planet is facing and what we can do to make its condition better, So with the aim to make it more better, our school is celebrating Earth day 🌍 with the following 🙌 activities for classes III - IX on 22.4.26 (Wednesday) in zero, first & second period. kindly note participation is mandatory and bring required material.

Activities 🙌

III - IV Earth Day Hanging Prop
